

OEUF™ toddler bed

The Oeuf™ Toddler Bed represents a milestone in your child's development; from baby to toddler.

As a scaled-down bed with a low mattress position, your child's sense of new-found independence is reinforced by their ability to climb in and out on their own.

GOOD DESIGN IS FOR ALL AGES™

FEATURES	BENEFITS
Smart design	Easy to assemble by one person Looks like a real bed for that "big bed" feel Transforms the nursery into a bedroom
Open rails on four sides	Unobstructed visibility of your child
Non-toxic white lacquer finish	Smooth and simple finish fits in with any decor or theme
Fabricated from single sheets of engineered hardboard panels (MDF)	Made of recovered wood fibers Environmentally friendly No glued parts eliminates failing joints Stronger construction
Solid wood base	Side panels sit on the base creating a stronger and more secure structure
Low height	Lower center of gravity = more stable construction Child is able to climb in and out of bed unassisted
Inset adjustable metal legs	Attractive detail Adjustable for uneven surfaces
Adaptable	Converts to crib simply by replacing the side panels Comfortable sleeping for your child to age 5+ Space saving
